

Be ready to be remarkable

Free online learning resource to help prepare
Year 6 pupils for secondary school

Free to all UK primary schools and available from Friday 26 June, 'Be ready to be remarkable' is expertly curated digital content to assure your Year 6 pupils that they are ready for secondary school.

Created in partnership by **BeReady** and **Academies Enterprise Trust**, this informative, animated video content is free to access on the BeReady online learning platform.

- ▶ Three engaging modules: Head, Heart and In the bag
- ▶ Created by primary and secondary teachers and experts in online educational content
- ▶ Animated content presented by the characters Maya and Daniel
- ▶ Full supporting cast of diverse and friendly classmates
- ▶ For guided presentation by teachers or for individual viewing

1 **Head** What is different?

2 **Heart** What am I worried about?

3 **In the bag** What do I need to remember?

“ In these unusual times, where everything has changed for your Year 6 students, one thing remains inevitable – the transition from primary to secondary. This brilliant programme seeks to give your pupils the knowledge, but more importantly the confidence they need and the belief in themselves that they will continue to find their remarkable. ”

Lauren Costello OBE, FRSA, National Director for Primary and SEND, The Academies Enterprise Trust

“ Once again, BeReady is delighted to be helping schools prepare their pupils for the road ahead. We know that current Year 6 pupils are not able to visit secondary schools and have their questions answered in the usual way. This replicates that experience for them in an informative and engaging way. ”

Kyle Burrows, Founder and CEO, BeReady
